

VCOM Secondary Application

INSTRUCTIONS

Thank you for applying to the Edward Via Virginia College of Osteopathic Medicine. This document includes instructions and information you will need to continue the application process at VCOM.

Please read all directions carefully before beginning your Secondary Application. Please type or print your responses. Responses may be entered directly onto the application and then printed. **PLEASE BE SURE TO SIGN THE APPLICATION ON PAGES 7 AND 12 BEFORE MAILING IT.**

Please complete and submit the application form and arrange to have all evaluation forms and/or letters of recommendation directly forwarded to VCOM, Office of Admissions. VCOM requires an evaluation form or letter of recommendation from the following individuals:

- An Osteopathic Physician
- A premedical committee/advisor letter or a letter from a science faculty member

Please remember to include the waiver/non-waiver statement on Page 13 of the Secondary Application.

It is your responsibility to ensure the timely receipt of your Secondary Application, processing fee, waiver/non-waiver statement, and letters of recommendations by the Office of Admissions. All Secondary Application materials must be received in the Office of Admissions at VCOM by March 16, 2009. However, due to the nature of the rolling admissions process, applicants should submit all Secondary materials as soon as possible, as interviews are granted and admissions decisions are made as files are complete.

VCOM is offering an Early Decision Admissions Track. For more information about this admissions option, please review the Admissions Information portion of our website, <http://www.vcom.vt.edu/resource/admissions.html>

MAILING INFORMATION

Mail the completed VCOM Secondary Application and \$85.00 non-refundable application fee (made payable to VCOM) to:
